April 2019

Mayor's Update

Dear Residents and Business Owners,

We all know that timing is everything. Writing this newsletter can be a little tricky because when I am writing I don't know exactly what day it's going to find its way to your mailbox a month later. Having said that, here's an important announcement with an April 11th time frame. Should you read this letter after that date, remember that celebrating "Disconnect Day" takes place for the entire month so please pick your own day to disconnect from your electronics.

Chief Camoia tells me that our Police Department will be celebrating Disconnect Day on April 11th by hosting a "Zero Tolerance Enforcement" 4 hour time period to promote National Distracted Driving month. During those 4 hours they will be out in town watching for cell phones, ipads, TVs and whatever else you have hooked up in your car that impedes your driving focus. You can visit www.trafficsafetymarketing.gov for more information. Look on the Mendham Boro Police Facebook page for the 4 hour period and give yourself an electronics break this month.

Update:

We are into our second year in the Morris Area Energy Cooperative ("MAEC") Aggregation Program. If you missed the multiple mailings and notices sent to all residents about the program as well as the public information meeting held in town, no worries ~ we have links on our town website that provides all the information you need to better understand the program. Here are the important highlights:

- This program gives our town the chance to save residents money on their usage portion of their bill through pooling of everyone's usage and leveraging that for a lower rate.
- Although it is an "Opt out" program, which means you have to actively contact the MAEC by phone or on the website, you can do so at ANY TIME. There is no specific "Opt out" period.
- You can also "Opt in" at anytime if you took yourself out of the program.

What's on your mind:

A few residents have stopped and asked me lately,

"Hey Mayor, how about those potholes?"

I think we all know it has been a winter of multiple freezes and thaws, which is the best combination to disrupt a happy road and cause potholes.

Our DPW head, Jeff Cooper, tells me that he has a plan! The team will begin to fill the holes and smooth out your ride once winter has subsided. We need to wait, for these reasons. First, if they filled the holes too soon, they would have to use cold patch which would likely be removed with the next snow plow coming down the street. Additionally, the best way to ensure that those holes stay filled is to wait until the temperatures warm up a bit and use hot mix, available in early Spring, which needs to be kept warm throughout its transport and filled in while still hot. This will ensure a more permanently filled pothole.

If you know of a bad pothole on Borough roads or county roads in Mendham Boro you can either go on the borough website and fill out a service request form, or call us at (973)543-6535 and let us know of a specific trouble area.

Committee Reports:

The Board of Health has been busy working to keep us informed of all sorts of health related matters that impact our community. They have provided radon testing kits, health screenings, and septic and restaurant licensing. Your Board of Health Members are: Chairwoman—Helen Cleary, Maureen Walker, Vanessa Freire, Nancy Rodrigues, Penny Andrus, Nathalie Masse, Laura Montenegro, and I hope you will all welcome our newest member, Melissa Young.

What is one message that your Board would really like to share with our community?

CLEAN UP AFTER YOUR PETS!

Nobody likes to step in poop, so let's all do our best to prevent that from happening.

Check in to our town website for more updates.

That wraps up another one.

Sincerely,

Christine Serrano Glassner, Mayor

New Jersey Tree Recovery Campaign Provides Free Tree Seedlings to Residents

Free tree seedlings will be available to Mendham Borough residents in the month of April as part of the New Jersey Tree Recovery Campaign. **From April 22nd - April 26th between the hours of 9am - 2pm**, residents will be able to pick up tree seedlings at Mendham Borough Public Works, 37 Ironia Road. Seedlings are available on a first come, first served basis, with a limit of 10 per household (mix and match varieties). Seedlings come with instructions on how to store, care for, and plant them. The guides help residents choose the right place on a property to plant a tree while keeping in mind the tree's full-grown size in the future. Residents should plant the seedlings within two days after pick-up in order to prevent the roots from drying out. If you have any questions please contact Carolyn Budd at 973-543-6535 or dpw@mendhamnj.org.

Summers @ Schiff

A healthy dose of fresh air, active fun, exploration in nature, and the integration of environmental education.

(AGES 4-13).

- Experienced professional educators as lead instructors
- Morning and afternoon sessions available
- A 1:12 teacher to child ratio
- Lessons designed to softly educate, motivate, delight and inspire young children
- Nature games, trips to the stream, tie dye making, and shelter building
- Recycled craft projects to promote environmental awareness and complement the daily nature lessons
- Science, Sustainability, Environment and Art integrated into our curriculum

Questions? contact www.schiffnaturepreserve.org or call 973-543-6004.
