

## Special Adult March Programs

### Upcoming Adult Programs

#### Making Soup in a Jar

*Wednesday, March 6th at 6:30 pm*

Come join us as we make lentil soup in a jar! You'll receive easy to follow guidelines and the ingredients for assembling your recipe. In addition, supplies will be available so you can decorate to give someone a small gift... or keep it as a gift for yourself! Wine and a selection of Cabot cheddars will also be on hand for tasting.

#### What is Lurking in Your Grocery Cart?

*Wednesday, March 13th at 6:30 pm*

Reading food labels in the grocery store is not usually one of our favorite pastimes. We assume that there is little difference between the various brands on the shelves, so we simply select the item that has the price and 'look' that appeals to us. Closer inspection of the ingredient labels will reveal that there are actually substantial differences between brands of the same product, and you will find extremely poor options right next to much healthier choices. Marian Carroll is a certified holistic health and lifestyle counselor and her workshop will start you on your way to effective label reading, so you can ensure that you buy the products that best serve you and your family's health.

#### Rediscovering and Preserving Moments That Bring Families Together

*Wednesday, March 20th at 6:30 pm*

VHS tapes, film reels, slides, piles of photos and even computer hard drives... these are just a few of the formats and places where family memories can get lost, trapped or forgotten. In this interactive discussion we'll explore ways to manage those memories, protect them from decay and changing technologies, and enjoy them again. We'll share some visual examples and take an honest look at what "the cloud" is, to remove fears and gain more confidence with online photo sharing. Your most important memories deserve to be time-proofed and we'll help you identify the solutions that best serve your personal needs.
