Vision Boards

Grades 5 and up

Thursday, Jan. 13th 6pm-7:30pm

Do you ever pause to think what it is that YOU would love to be, do, have and give? We are all bound by many rules, restrictions and routines. But what if we could see all our dreams and wishes in words and pictures right before our eyes everyday to inspire us and give us ideas to make them come true?

Welcome to your Vision Board - your very own fun personal map of wishes for 2022.

Feel free to bring your favorite personal images (photos, postcards, notes, stickers, etc.) and we will provide magazines, glue, scissors, pencils and pens for you to create your own 22 x14 inches vision board poster.

Masks required during this program. Limit 10 spots. Registration Required.

Girls Who Code Returns on Zoom!

**Grades 3rd-4th- Tuesdays 3:30-5pm,
Starting Jan. 11th**

**Grades 5-12th-Wednesdays, 3:30- 5pm,
Starting Jan. 12th**

This program will run for a 12 week session.

Girls Who Code is a non-profit organization that strives to close the gender gap in computer science. Did you know, as of 2017 only 24% of those in computer science career fields are women? With the help of this amazing organization, we are able to introduce coding to the girls in our community and help them build confidence and practice in these skills, while building their personal confidence, sense of community and other important life skills. For more information on this organization visit girlswhocode.com.

Participants will need to have access to a device that will allow them to be on Zoom and other websites we will be using as learning resources. Sign up is available on our website and our social media pages.

**The Library will be closed on
Monday, January 17th in observance
of Martin Luther King Jr. Day**
